End of Key Stage 1

% of children attaining Age Related Expectations (ARE)

	Reading	Writing	Mathematics
Service children	100%	80%	100%
Non service children	73%	58%	71%

Emotional support was given to individual pupils, particularly at times of deployment.

At the end of Key Stage 1 children from Service Families better than their peers in the vast majority of cases and made expected or better progress than the rest of cohort.

The majority of Service Family children have accessed Service Club. Parent feedback shows that children enjoy these sessions. Children are able to talk openly and privately with staff about their feelings when a parent is working away from home and share their experiences with other children in the same situation.
