

Hook for learning

We will be visited by a story teller who will tell and share a range of stories which will entertain us.

Science

In science, we will be learning about materials and how materials can change shape by twisting and bending. We will then use our knowledge on materials to carry out simple experiments to decide which material is best for which purpose.

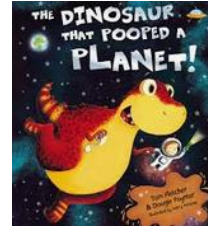

ICT

In computing, we will be learning about "coding". We will design our own computer background and make characters move around. We will learn how to "debug" the programme when something goes wrong.

English

In literacy, we will be learning how to write a story that will entertain a reader. We will be using texts from Tom Fletcher and the "The Dinosaur who pooped a" series to inspire our writing. We will be learning to use verbs and adverbs to our writing.

Get Lost in
a book
Autumn 2
(6 weeks)

Maths

In maths this half term we will be learning to

- add and subtract numbers, using objects, pictures and mental methods.
- solve problems involving addition and subtraction.
- count in tens from any number (e.g. 5, 15, 25) forwards and backwards.
- to recall the 2, 5 and 10 times tables
- solve multiplication problems involving the 2, 5 and 10 times table

DT

In DT, we will be learning about pop up mechanisms. We will learn different ways to make a character pop up in a story book and then use our skills we have learned to make a pop up Christmas card.

Outcome

Year 2 will be performing a Christmas nativity at Church. Dates and timings to follow.
