

Hook for Learning

A delivery of recycling and single use plastic with a terrible consequence to our class animal.

Art

We will be using a range of materials creatively to design and make a collage of an animal. We will use solely recyclable and single use plastics to create our artwork.

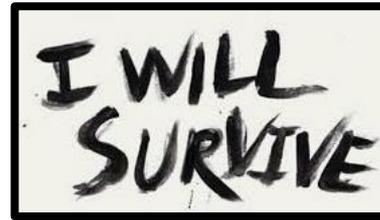

Science

We will be learning how living things live in habitats to which they are suited. We will be describing how different habitats provide for the basic needs of different kinds of animals.

English

In Literacy we will be learning about the features of a journey story before then writing our own. We will be centering our stories around the theme of animals and the environment.

We will then be planning and writing a factual piece about our knowledge of plastic/recycling and animals.

Spring 1 (6 weeks)

Geography

During this topic we will learn to name and locate the continents and oceans of the world. We will also be comparing our country to that of a non- European country. We will be using maps and atlases throughout.

Maths

In maths we will be learning...

Multiplication and division

We will be solving problems involving multiplication and division, using concrete materials and mental methods.

Place value and money

We will learning to partition numbers in different combinations of tens and ones. We will then move on to finding different combinations of coins that equal the same amounts of money and learning to recognise and use the symbols for £ and pence.

Fractions

Recognise, find and name and write $\frac{1}{3}$, $\frac{2}{4}$, $\frac{1}{4}$, $\frac{3}{4}$ of a length, shape, set of objects or quantity and demonstrate understanding that all parts must be equal parts of the whole.

RE

During the topic we will be learning about the Hindu festival of Holi. We will be describing, in simple terms, ways in which we remember events or people.
