

The intent of this topic is to gain knowledge of significant figures in history. The children will be able to talk about the similarities and difference of astronauts experiences of Space from the past and present.

## History

The children will learn about Tim Peake and Neil Armstrong. We will be comparing their space experiences, *looking at similarities and differences.*

## Art & DT

The children will design and make their own Moon buggy. They will explore how wheels and axles work and use these in their Moon buggy models.

## RE

We will be looking at the Christian faith.  
*We will be learning from stories that Jesus told.*

**Red text are SMSC opportunities (Social, moral, social and cultural)**

## Out of this World! Year 1 Spring 1 2022

## Literacy

We will be reading fiction and non-fiction books related to Space. We will be using the conjunctions 'and' and 'because' in our writing. We will also be using the prefix 'un' in our reading and writing.

## How to support at home

- Practise reciting the number bonds to make 10.
- Visit the library to look at Space books.
- <https://www.nasa.gov/kidsclub/index.html>
- Go for a walk and look for seasonal changes.
- Practise throwing and catching skills.

## Maths

We will continue to learn and practise the numbers bonds to make 10. We will be recording addition and subtraction number sentences.

We will be looking at numbers beyond 10 and finding out how many tens and units are in a given number.

## PE

We will be practising throwing and catching skills.

We will also be dancing to the music from the film Frozen, moving in different ways to different songs.

## Forest Learning

We will be looking for seasonal changes, den building and exploring nature.

## Computing

We will be learning about algorithms = following and creating simple instructions on the computer. We will also learn to understand and use basic direct keys.
