English

After being immersed in content about WW2 we will begin to write Wartime poetry. We will be working on our stamina for writing and making simple additions/ corrections to our writing by re-reading to check our writing makes sense. We will be using what we learn about the War to inform our word choices.

Maths

In maths this half term we will be learning about...

- Addition and subtraction

How can I do this using equipment?

Can I add/subtract a 2digit number and ones? A 2 digit number and tens? Can I use equipment to help me? Can I show this in drawings?

Can I use number facts and place value to solve problems.

- Missing number problems

How can I use what I know about number to work out the answer?

Art

We will be developing a wide range of art and design techniques such as use of colour, pattern, texture, line, shape, form and space to create soldier silhouettes.

HORRIBLE HISTORIES

PART TWO

Autumn 2 (7 weeks)

History

We will be learning about events beyond living memory (WW2).

We will be investigating why this event is significant nationally and globally.

Geography

During this topic we will be using world maps, atlases and globes to identify the United Kingdom and its countries as well as other countries continents and oceans.

RE

Our RE focus will be exploring Journeys that we take and linking this to Journeys taken by important people in Christian and Hindu Faith.

DT

Towards the end of our topic and just before Christmas we will be designing and making Christmas pop up cards. We will be exploring and using different mechanisms in our products.
