

The intent of this topic is for children to understand the impact of plastic pollution and how they have a responsibility to help protect our planet. They will learn about the importance of reducing waste, re-using items and recycling certain types of rubbish.

Jigsaw

We will be talking about our dreams and goals for the future.

Art

We will be exploring marbling to create a 'sea-themed' background which we will then layer with different materials to depict what our oceans are like.

Geography

We will be exploring the oceans and continents of the world as well as comparing our country with a non-European country.

Literacy

We will be focusing on writing a non-chronological report about how to reduce our plastic use as well as a recount of a character's journey in our new fictional text.

Kinetic letters – we will be continuing to look at joins.

Planet Protectors

Year 2 - Spring 1 2023

PE days = Monday & Tuesday

Please ensure your child has their PE kit in school.

Library day = Thursday

Please ensure library books are in book bags on Thursday mornings.

Please send book bags into school every day.

Science

We will be looking at animal life-cycles, including that of humans

Maths

We will be looking at adding and subtracting while 'bridging' through ten. We will also be exploring fractions and delving into multiplication and division more deeply, thinking about solving word problems in context.

RE

We will be learning about the journey that led to the birth of Jesus.

Computing

We will be discussing the use of technology outside of school as well as creating pictograms that we will use as part of statistics.

PE

We will be playing invasion and target games which will involve thinking tactically about how to move around the space.
