

English

We will be focusing on writing a persuasive piece of writing about the facilities on board the Titanic. We will then focus on Samson's Titanic Journey and write a recount while innovating the character and/or setting.

Hook for learning—

Children will be immersed in the delicacies (or not so much!) of passengers on the RMS Titanic.

The **intent** of our topic this half term is to encourage the children to explore and make their own conclusions about historical events. The children will be able to ask and answer questions and consider how things change over time. We will also be enriching their experience by taking a trip to the Seacity museum!

Maths

In maths we will be continuing our learning on...

Four operations

We will be revisiting the four operations and doing so through the context of money. We will be looking at mass and capacity linked to our learning on the Titanic.

We will also continue to practise our 2, 3, 5 and 10x tables and related division facts.

Art & DT

We will be using collage to design a passenger's hat aboard the Titanic.

We will also be using junk modelling to create a boat which will be tested as to whether it sinks or floats.

All Aboard!

Summer I 2025

PE

As the weather improves, we will be looking at athletics and continuing our learning on ball skills.

Computing

We are learning how to use the internet to search effectively for information, whilst recapping on staying safe.

History & Geography

We will be exploring the events of the RMS Titanic and focusing on how this has improved maritime safety for the better.

We will also be looking at compass points and recapping the oceans.

Science

We will be looking at life cycles of plants and what you need to grow a successful one.

Jigsaw & RE

'Relationships'

We will be talking about relationships linked to friends and family. We will also be looking at how Hindus celebrate the festival of colour, Holi.
